

WORK ZONE TRAFFIC CONTROL & FLAGGING

Portland Water District – 10/28/25, *OR*

Kennebec Water District – 10/30/25

6.0 BLWSO/6.0 DEP (*safety*) TCHs

Series Overview

Join Tom's Water Solutions and Maine Local Roads DOT for this important training on work zones, traffic control, and flagging for water and wastewater operators.

Working in the roadway is part of many operator's daily activities, and learning the best practices, rules, and requirements is crucial. We will also finish with **hands-on practice**. Perfect for the new operator or the already seasoned professional.

Class Schedule

7:30 AM – Registration & light breakfast

8:00 AM – Work zones, traffic control, and flagging best practices

10:00 AM – Rules, regulations, annual requirements, and case studies

12:00 PM – Lunch & break

1:00 PM – Hands-on practice with work zones, traffic control, and flagging

3:00 PM – Training end & evaluations

Series Registration Fees

\$150.00 per person (*breakfast & lunch included*)

Your Instructor:

- Peter Coughlan, Maine Local Roads - MaineDOT
